Depth, mm: 500

Item type:

Warranty, year: 2

Description

The stove can be connected through the floor or through the wall. Using this connection ensures the supply of fresh, oxygenated air to the combustion chamber, thus guaranteeing a better combustion. The room air from the stove is not used for combustion, so you can enjoy a fresher environment.

This connector is ideal for Contura stoves, the connection is extremely simple.

Indicative measurements are indicated.
