

Impregnant 1L, temperature resistant up to 900'C

Product code: A3SIL-SILCADUR-HTI1L

Category: Fireplaces and stoves > Fireplace installation materials

PRICE : €11.23

About the product

Manufacturer: Silca

Height, mm: 200

Width, mm: 80

Depth, mm: 100

Item type: Impregnantas

Warranty, year: 24

Description

SILCADUR-HTI is a high-temperature resistant impregnation for application on our calcium-silicate products for surface consolidation and dust bonding. The impregnation is inorganic, odour-neutral and suitable for additional surface treatment of the SILCA® 250KM boards in the heating chamber. The impregnation is not suitable as first coat for subsequent plastering and bonding in the constructive area - for this application SILCACON first coat is to be applied. SILCADUR-HTI is very easy to handle, it is ready for use and can be applied by brush or spraying device.
