

## Impregnant 1L, temperature resistant up to 900'C

Product code: A3SIL-SILCADUR-HTI1L Category: Fireplaces and stoves > Fireplace installation materials

## **PRICE : €11.23**

## About the product

Manufacturer: Silca Height, mm: 200 Width, mm: 80 Depth, mm: 100 Item type: Impregnantas Warranty, year: 24

## Description

SILCADUR-HTI is a high-temperature resistant impregnation for application on our calcium-silicate products for surface consolidation and dust bonding. The impregnation is inorganic, odour-neutral and suitable for additional surface treatment of the SILCA® 250KM boards in the heating chamber.

The impregnation is not suitable as first coat for subsequent plastering and bonding in the constructive area – for this application SILCACON first coat is to be applied.

SILCADUR-HTI is very easy to handle, it is ready for use and can be applied by brush or spraying device.
