Warranty, year: 5
Purpose:

Description

“NIBE Heating” - the market leader of wood-burning stoves in Sweden. The products of this company are famous for their quality and efficient combustion technology.

Specificities:

- with cast iron plate on top;
- the door glass is tinted at the edges;
- clean glass system - soot does not stick to the glass;
- stove meets the particularly high environmental requirements and low emission standards, regardless of the heating capacity;
- firewood logs used for heating - up to 33 cm length;
- non-hot handle;
- the stove is connected from top or from the back;
- the smoke exhaust pipe is connected from the back;
- doors are made in cast iron;
- the combustion chamber is covered with vermiculite bricks;
- Combustion air is supplied from outside or from a nearby room. This way, the air in the stove always stays fresh;
- adjustable power: 3-7kW, nominal power 5kW;
- with ash box under combustion chamber;
- combustion chamber is made from high quality steel.

The stove body has a 5-year warranty.
