

Solid fuel boiler Altep APAT-REASON KT-3E, 12kW, bottom combustion

Product code: K1ALT-APAT-REASON-12
Brand: Array
Category: Boilers > Solid fuel boilers

PRICE : €1,424.00

About the product

Manufacturer:
Country of origin:
Height, mm: 1084
Width, mm: 418
Depth, mm: 815
Power (kW) to: 12
Efficiency: 86
Made of:
Fuel type:
Chimney diameter, mm:
Item type:
Water volume, ltr: 55
Charge, dm³: 60
Warranty, year: 4

Description

Altep Reason boilers do not burn all the fuel at once, but only the fuel in the lower layer. By burning the fuel in this way, the burning time is extended, and the efficiency is stable and high.

Features:

Solid fuel boiler Altep Reason is intended for heating residential and industrial premises. A spacious combustion chamber, it is possible to burn large-sized firewood. The main fuel is firewood (with a moisture content of no more than 25%, length up to 36 cm), wood chips, coal (class A), sawdust, peat briquettes with a diameter of 10-15 cm can be used as alternatives. The design of the boiler provides for the possibility of changing the opening side of the door. The set includes a traction regulator and cleaning tools. Combustion chamber dimensions (H x W x D): 580 x 279 x 370 mm
