PRICE : €6,546.99

About the product

Height, mm: 1469

Width, mm: 539

Depth, mm: 539

Description

By ordering a rotating plate, the upper part of the stove can be turned 90 degrees to one side and the other. You can also order accumulation stones to be installed above the combustion chamber. These stones store the released heat and give it to the environment when the wood has already been burned in the stove.

The body is white.

Specificities:

- conservative and mysterious, smooth and clear-shaped stoves are perfect for those who value simplicity and quality;
- with connection for air supply from outside, so the air always stays fresh;
- the glass does not get soot;
- openable door;
- suitable firewood with the length of up to 25 cm;
- the combustion chamber is protected by heat-resistant bricks;
- the chimney is connected at the top or rear;
- convenient fixing of the door when putting in firewood or cleaning the windows;
- adjustable power: 4,5-7,7kW, nominal power is 5,9kW;

The body of the stove has a 5-year warranty.
