

Domestic hot water tank AE-HR 200, heat exchanger surface 1,8 m²

Product code: B4AUE-A22326

Category: Water heaters > Indirect water heaters

PRICE : €1,072.94

About the product

Manufacturer: Austria Email

Height, mm: 1440

Width, mm: 600

Depth, mm: 600

Made of: plieno

Volume: 200,00

Item type: su 1 gyvatuku

Water volume, ltr: 200

Mounting type: pastatomas

Max. working pressure, bar: 10,00

Warranty, year: 24

Description

Water tank is designed for use in combination with condensing devices and heat pumps.

- Internal boiler enamelled according to 4953, including magnesium sacrificial anode Operating pressure: max 10 bar
- Operating temperature: 95 °C
- Straight-tube heat exchanger with very large heating surfaces
- Energy-saving 50 mm PU insulation (directly foamed)
- Outer plastic Skai cladding (white)
- Variable sensor position (sensor channel)
- High-quality dial thermometer.
